

Trusted for more than **70** years
GUJRAT STEEL PVT. LTD.

Case Study

Search Engine Optimization

Over the years, marketing and advertising have changed substantially. The internet has given entrepreneurs and businesses a chance to market their product/service to millions of users.

Despite the fact that SEO has a high ROI, most businesses settle for social media and paid ads for promotion.

SEO requires effort up front, once you rank, your sales will skyrocket with no recurring expenses.

Boost Your Traffic **600%** and increase your leads through SEO.

About the Client:

Gujrat Steel Pvt. Ltd. is a value-driven company that has survived the steel industry's ups and downs. Gujrat Steel makes superior lockers, safes, and doors that satisfy international requirements.

Challenges:

Gujrat Steel is in the country since 70 years and their operations are working average. Their production and sales are average. Later they decided on building a website and it's SEO.

Most of the keywords of Gujrat Steel having less searches locally and high searches internationally. So, we strategize in building a techniques and methodology to rank it locally on keywords having high searches. Then we worked on long tail keywords and less short tail. This is challenging for us but it worked.

Keyword	Position
cabinet safes	1
bowser water	7
safe cabinet	1
cabinet filing	10
steel cupboards	6

These are the keywords ranked in **Top 10** locally:
